BLUETOOTH PAIRING

Turn on Bluetooth in your mobile, search for **'Talk Seven'** and tap it to get paired.

OPERATION INSTRUCTIONS

Item		Description
Buttons	O	Press and hold for 2 seconds to power on; Press and hold for approximately 4 seconds to power off; press and hold for 10 seconds to reset. In an incoming call state, tap to answer, tap again to hang up, press and hold to reject. Triple-click to activate the voice assistant.
	+	Tap the "+" button to increase the volume incrementally. Press and hold the device's "+" button to skip to the next track.
	▯	Tap the "-" button to decrease the volume incrementally. Press and hold the device's "-" button to go to the previous track. Press and hold both "+" and "-" simultaneously for 5 seconds to clear the pairing records
Power On State		Red and blue lights flash, entering pairing mode. When Bluetooth connected, the blue light stays solid. If no phone is connected, the device will automatically power off after a time out of 10 minutes. If no music is played or no button activity occurs within 30 minutes, the speaker will automatically power off.
TWS mode		Double-click the power button to enter TWS pairing. ①When BT is not connected to a phone, double-click the "Power" button to start TWS pairing; the device that double-clicks first becomes the main unit, the other becomes the secondary unit. ②When BT is connected to a phone, the device connected to the phone double-clicks the "Power" button to start TWS pairing; the device connected to the phone is the main unit, the other is the secondary unit.
Low Battery		Red light flashes rapidly with a prompt tone.
