

AIRLOOP

Portable & Rechargeable Desk Fan

User Manual

PRODUCT OVERVIEW

Airloop is a compact, portable desk fan designed for effortless cooling anywhere you go. With adjustable speed modes, long-lasting rechargeable batteries, and quiet airflow, it is ideal for home, office, and travel use.

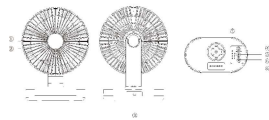

IMPORTANT INFORMATION

- The fan contains a lithium battery that can be used while charging.
- Do not insert objects into the fan while it is operating.
- Do not scratch or damage the fan components.
- Use the product as described in this manual to maintain battery life.

PRODUCT SPECIFICATIONS

Power Consumption	: 6W
Charging Time	: 2-3 hours (OC 5V/2A)
Battery	: 2 x 3.7V 2000mAh Lithium-Ion
Operating Time	: Up to 4 Hours
LED Runtime	: 18-20 hours

PARTS DESCRIPTION

1. Detachable Front Cover
2. Fan Blade
3. Type-C Charging Port
4. Rotation Button
5. LED Switch
6. Fan Speed Switch
7. Speed Indicator
8. LED Light

OPERATING INSTRUCTIONS

1. Turning On & Adjusting Fan Speed

- Press the FAN button to switch on the fan.
- Press repeatedly to cycle through speeds:
Press 1 time: Low
Press 2 times: Medium
Press 3 times: High
- The speed indicator light will display the selected level.
- If the fan stops responding, the battery may be low – please charge it.

2. Charging the Fan

- Connect the supplied Type-C cable to the charging port.
- When the battery is low, the first bar of the speed indicator flashes white; when the fan is fully charged, all indicator bars remain steadily lit in white.
- Once fully charged, disconnect the cable and operate normally.

3. Using the Rotation Function

- Press the Rotation Button to rotate the fan head for wider airflow coverage.
- Press again to stop rotation.

4. Using the LED Light

- Press the LED Switch to turn the LED On/Off.
- LED can operate independently even when the fan is OFF.
