 Bass on	 White light glowing

Auracast Pairing Instructions

Follow the steps below to connect multiple speakers using Auracast and set up left/right channel placement correctly.

1. Auracast Pairing

Step	Instruction
Step 1	Power on all speakers.
Step 2	Short press the Auracast button on each speaker. The speakers will automatically connect with each other.
Step 3	Once the speakers are connected, the green indicator light will stay ON.
Step 4	Open the Bluetooth settings on your phone, tablet, or other device.
Step 5	Search for the speaker name and connect to one speaker only.
Step 6	The speaker connected to your Bluetooth device will work as the Master Speaker. The other connected speakers will work as Slave Speakers.

2. Left & Right Channel Placement

- Place one AuroTrio L speaker on the left side of the A80. This will work as the Left Channel.
- Place the other AuroTrio R speaker on the right side of the A80. This will work as the Right Channel.
- The AuroTrio L/AuroTrio R speaker will be marked with L or R to show the left or right channel.

3. To Disconnect Auracast Pairing

- Short press the Auracast button on any speaker to disconnect that speaker from Auracast pairing.
- Short press the Auracast button on the Master Speaker to disconnect all speakers from the Auracast connection.

Quick Note

For best performance, keep all speakers within a stable wireless range and make sure each speaker has sufficient battery before pairing.

Specification
