CHARGE CLAMP 4

Mobile Holder with Wireless Charger

User Manual

Product Introduction

Thank you for purchasing our product, Charger Clamp 4– a Mobile Holder with Wireless Charger. It features a high-end quick charge IC. With its luxury and compact design, it is compatible with any mobile phone with Qi standard. It can perfectly sync with Samsung and Qi-enabled devices, allowing for fast charge wireless functionality. This feature saves time effectively and enhances your charging experience.

Standard Accessories

1 x Wireless Charger
1 x Type C Cable
1 x User Manual

Standard Accessories

1. Connect the power adapter (not included) to the car's wireless charger.
2. Turn on the adapter switch. The LED light indicator will start glowing automatically.

Charging your Wireless iPhone, Smart Phone

1. Once the adapter is connected to a main power supply, and the LED indicator flashes red once, then turns solid red - wireless charging is ready.
2. Place the mobile phone in the center of the charging surface. Once positioned, the RGB LED indicator will illuminate, indicating charging.
3. Check the charging icon displayed on the mobile device screen for the charging status.
4. If the Red indicator light is flashing, it indicates a Foreign Object Detection (FOD) status. In such cases, try removing your mobile phone case.

Note: Please remove your device when fully charged.

Specifications :

Product Name : Mobile Holder with Wireless Charger
