CHARGING INSTRUCTIONS

- Charge using a 5V/2A mobile charger.
- Do not use the device while charging. The red light indicates charging; it turns green when fully charged.
- Connect the charging cable to a USB port and the other end to the device.

INSTALLATION INSTRUCTIONS

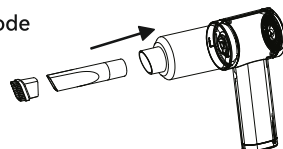

Installation of main machine dust collecting cup group

1. Install the HEPA filter cover into the dust collecting cup as shown in the figure;
2. Rotate the dust collecting cup assembly counterclockwise as shown in the figure, and a "click" sound indicates that the installation is successful;

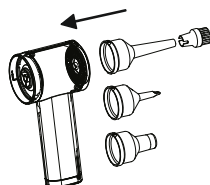

Dust collection mode

1. Insert the two in one flat suction into the suction port of the host;

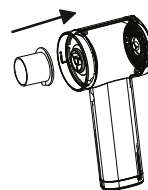

Blowing mode

1. According to the arrow direction as shown in the figure, Install the air nozzle on the host.

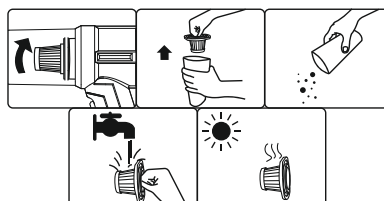

Extraction mode

1. According to the arrow direction as shown in the figure, Install the air extraction nozzle on the host.

CLEANING INSTRUCTIONS

- Rotate and remove the dust collecting cup as shown.
- Remove the HEPA filter and empty the dust into a bin.
- Detach the filter cover and clean the HEPA filter with a brush. Wash and dry the dust cup before reuse.
- Reassemble by placing the HEPA filter back, insert the dust bin, and rotate to lock.
