**SINGLE-TAP ERASE**

**LONG BATTERY LIFE**

**Latest Improved Technology :** Portronics New RuffPad 8.5M LCD Multi-Colour Writing Tablet uses the Newest LCD pressure-sensitive technology and lets you draw thick and thin lines as per your preference based on the pressure on the stylus. It comes with a new improved 'Colourful' drawing screen with a large 8.5 inches display.

**Reusable & Environment Friendly :** The RuffPad 8.5M lets you do your bit for the environment by saving paper but at the same time does not make you compromise on your creativity. It's simple one-button clear command helps you erase and re-write over 100,000 times. Make new drawings, doodles, artwork or simply use it to display your Memos, ideas or use it for rough work as you complete your school homework – use it as per your desires. Be creative; guilt free.

**Lock Function and Colour Display :** RuffPad 8.5M comes with an Anti-Erase Lock button that helps you save your precious creations and prevents accidental deletion of your written / drawn contents. The Colour display gives you the freedom from monotonous adding more colour to your work.

**Portable, Compact, Durable :** RuffPad 8.5M comes in a very compact, light-weight model making it absolutely easy to carry wherever you want to carry it. RuffPad 8.5M is always on and ready to use and comes handy to capture any essential information or to simply pass your time effectively. The stylus fits into its holder on the pad itself, easy to keep safe from getting lost.

**Great for all ages :** RuffPad 8.5M can be put to multiple use no matter who you are. It is a must have for kids, designers, office goers and is ideal for gifting. Children can use it for writing, arithmetic, spellings or to draw and doodle. Adults can use it to take notes and memorize important information in office. Designers can use it to save their ideas, no matter where they are. Use it as a gift for someone you love.
