

SKYCAST

HDMI Transmitter & Receiver

1. Product Overview

SkyCast is a compact, plug-and-play wireless HDMI solution that allows you to cast your laptop screen to any projector, monitor, or TV using a Type-C transmitter and HDMI receiver.

2. Product Specifications

Working Voltage: 5V DC

Working Current: DC 500mA

PD Passthrough Power: Up to 100W

HDMI Output: Up to 4K @ 30Hz

Transmission Range: 30–50 m (line of sight)

3. Supported Devices

i. Transmitter (Type-C Side)

Laptops, Macbook, iPad with Thunderbolt 3.0

Smartphones with DP Out Port

Note: System Support: Windows 10/11, MacOS 11.0.1 and above

ii. Receiver (HDMI Side)

Tvs

Monitors

Projectors

4. Package Contents

- 1× Type-C Transmitter
- 1× HDMI Receiver
- 1× USB Cable (Power)
- User Manual

5. Connection & Pairing Instructions

Step 1 — Connect the Transmitter

Plug the transmitter (Type-C) into your laptop/phone/tablet.

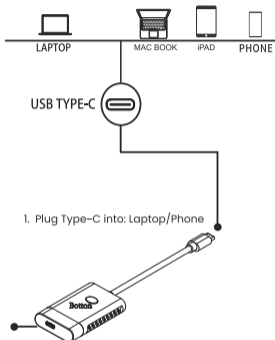

If your device requires charging simultaneously, connect a Type-C charger to the passthrough port.

Step 2 — Connect the Receiver

Plug the HDMI receiver into a TV, monitor, or projector.

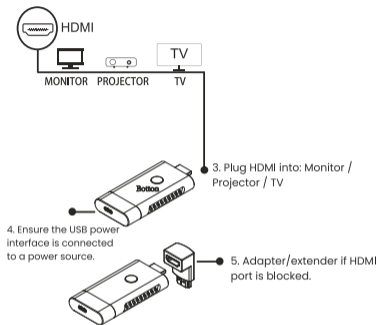

If the HDMI port is blocked due to nearby connectors, use an extender/adaptor.

Power the HDMI receiver via a USB port on the display or any 5V charger.

2. If connected to a charger, device charges simultaneously.

Keep away from liquids and dust. Clean with a soft, dry cloth only.

8. Safety & Usage Notes

Only use 5V power sources for the HDMI receiver.

Do not expose the device to extreme heat/humidity for prolonged periods.

Maintain direct line of sight for maximum wireless range.
