o Long press the "+" button to go to the next track.

4. Volume Down:
o Short press the "−" button to decrease the volume.

5. Volume Up:
o Short press the "+" button to increase the volume.

6. Quick Volume Down:
o Long press the "−" button for previous song

Charge the speaker before using

- For optimal performance, fully charge the speaker before using it for the first time.
- A USB-C charging cable is included. It can be used with other USB-compatible devices like smartphones, tablets, an d laptops but note that it cannot transfer data.
- Use a standard charging device (not included) with a 5V/1A output or higher to charge the speaker.
- Do not charge the speaker if the cable is wet or damaged.

Pairing the speaker for the first time

1. Power on the speaker: When turned on for the first time or if there is no Bluetooth device connected, the speaker will automatically enter pairing mode.

2. Enable Bluetooth on your device: In your phone's settings menu, locate the Bluetooth function and turn it on.

3. Search for the speaker: The speaker's name should appear in the list of available devices. Look for "Talk Five" on your phone or device.

4. Connect: Select "Talk Five" to connect.

5. Listen for the confirmation: After successful connection, you will hear a prompt tone and the indicator light will change from flashing to solid.

6. LED Light Indications
