Bluetooth Protocol : A2DP,AVRCP, Heaset,Handsfree

Frequency Range : 2400.0-2483.5 MHZ

Working Scope : 10 Meters

Charging time : about 2 hours

SLEEP FEATURES

The Sleep Mode is designed for comfortable night-time listening. The earbuds fit gently in your ears without creating discomfort or obstruction while you rest on the bed. This makes them suitable for listening to calming music, podcasts, or relaxing audio before sleep.

Enable Sleep Mode: Place both earbuds in your ears, then tap and hold the touch control area for 3 seconds until you hear the confirmation prompt.

Disable Sleep Mode: Tap and hold the touch control area again for 3 seconds until Sleep Mode turns off.
